

# Bentz Boats, LLC

## POSSIBLE USERS

**GUIDES AND OUTFITTERS** – high maneuverability and rugged construction allows access to remote fishing, hunting and sight seeing opportunities for a world wide customer base.

**TOUR OPERATORS** – capable of reaching speeds in excess of 50 mph, high maneuverability and shallow draught allows tour companies, resorts and hotels to offer access to remote areas not accessible by other boats.

**EXTREME WHITEWATER ADVENTURES** – the shallow draft and twin engines and pumps along with double welded seams and gusseted longitudinal and cross bracing provide the power and hull strength to challenge enthusiasts.

**GOVERNMENT AGENCIES** – law enforcement, fisheries, mail delivery, wildlife management, and the military can use inland waterways more efficiently.

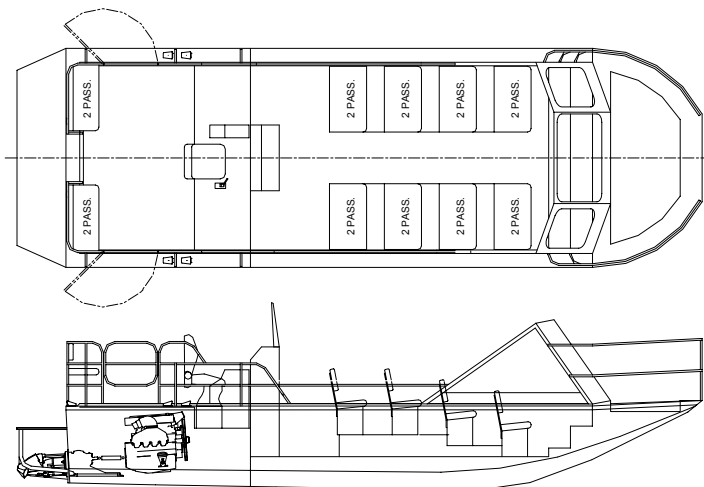

## "Nellie's Boy"

"Nellie's Boy" is the latest in a guide and tour boat combination.

Vic and Dawna Dalosto of Hell's Canyon Resort and Victor and Dawna's Fishing Guide Service purchased their second Bentz Boat to accommodate their growing businesses. Designed to work as a guide boat during the fall and winter steelhead fishing and converted to a river tour boat during the summer season. The stepped seating layout was done so that passengers in rear rows had good visibility during sight seeing trips. During fishing season, one row of seats is removed and the other slid to the center to allow fishermen on either side of the boat. The sunken bow and bow railing allows an additional 2 fishermen safely up front.

The aft drivers station allows the operator to effectively guide all fishermen during their trips and watch all passengers during tours. The sled shaped bow and the short stroke mechanical stick steering all contribute to the superior handling that Bentz boats exhibit in extreme river operation. The delta pad bottom design brings the boat up on plane quickly and in very shallow water conditions.
