River Adventures - "Prouty"

The "Prouty" is the next generation of an upper Hell's Canyon favorite. The aft pilot station allows full visibility of all passengers lessening the need for additional deck hands. Front, double center windshield doors provide a large opening when hauling cargo for float trip jet backs. Airline style seating with aisle side armrests, top grab handles and seat back snack serving trays. Quick removal vinyl side windows allows for easy adjustments if the weather changes and top viewing windows gives excellent canyon visibility to passengers. Triple configuration provides exceptional performance.

Bentz Boats has set the standard for quality and innovation for over 45 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz Boats has developed our hull designs to operate in the conditions specific to each customer. From shallow, fast running rivers to open salt-water conditions. Each boat is designed with passenger comfort, stability and safety in mind.
