USGS 24' Single Gasoline

USGS 24' propulsion package combines Indmar's Ford Raptor 460 motor to Hamilton's 212 water jet. The work boat was designed for fisheries work being conducted on both the Snake and Salmon Rivers. An inverter package for onboard electronics, customized work table and mounting plates for a winch were some of the added work items.

Bentz Boats has set the standard for quality and innovation for over 50 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz pioneered features include the sled shaped bow, forward and center pilot station, short stroke mechanical stick steering and delta pad bottom. These features contribute to our boats' superior handling, quick planing and shallow running capabilities.

SPECIFICATIONS

- Owner:** U.S. Geological Survey
- Designer:** Carl Pottala
- Builder:** Bentz Boats, LLC
- Length:** 24'
- Bottom:** 6' 6"
- Beam:** 8' 6"
- Engines:** 1-Indmar Ford Raptor 460
- Jet Units:** 1-212 Hamilton Jet
- Impellers:** 4.0 Kw Turbo Impellers
- Maximum Speed:** ~ 45 mph
- Cruising Speed:** ~ 30 mph
- Fuel:** 120 Gallon Gasoline
